HILLS OF WINDSOR

A PLANNED RURAL RESIDENTIAL DEVELOPMENT IN SECTIONS 30 & 31, T3-S, R16-E COLUMBIA COUNTY, FLORIDA

In accordance with County Ordinance No. 97-29 which enacted Section 20-A of the Columbia County Zoning Regulations, the undersigned developers hereby propose and request approval of the Planned Rural Residential Development described herein to be known as HILLS OF WINDSOR.

STATEMENT OF OBJECTIVES

The development consists of approximately 123 acres located approximately three (3) miles west of I-75 on U.S. Highway 90. The development includes eighteen (18) single family home lots: two (2) lots of approximately eleven (11) acres each and sixteen (16) lots of approximately three to four and one half (3 to 4.5) acres each.

The development allows only single family homes and appurtenant structures. The restrictions require homes with a minimum heated and cooled area of 3500 square feet. It is expected that this will be one of Columbia County's most "upscale" developments and its first gated community. There will be an attractively landscaped entrance which will include electronic gates to provide restrictive entry. The roads will be privately owned and maintained by the Homeowners.

VICINITY MAP

A vicinity map is included on Sheet No. 1 of the PRRD Plan.

The property is bordered on the north by U.S. Highway No. 90; on the East by Thomas Road; on the South by Arbor Lane; and on the West by residential/agricultural land. The area across from the property, that is, North of U.S. 90, is also presently zoned agricultural. The existing land use designation on the property is agricultural, five (5) acres per unit.

BOUNDARY SURVEY

See Sheet No. 1 of the PRRD Plan.

TOPOGRAPHIC SURVEY

See Sheet No. 1 of Preliminary Development Plan.

SITE ANALYSIS MAP

See Sheet No. 1 of Preliminary Development Plan.

FINAL DEVELOPMENT PLAN

1. **LAND USE:** Residential single family with one residence per lot.
2. **LOT SIZES:** Lot sizes are shown on Sheet No. 1 of the PRRD Plan.
3. **BUILDING SETBACKS:** Building setbacks shall be as follows:
 - a. Side and rear property lines - 25 feet.
 - b. Front along the streets - 30 feet.
4. **MAXIMUM HEIGHT OF BUILDINGS:** The maximum height of buildings shall be 35 feet. Height of building is the vertical distance measured from the established grade at a corner of the front of the building to the highest point of the roof surface of a flat roof, to the deck line of a mansard or Bermuda roof, to the mean height level between eaves and ridge of gable, hip, cone, gambrel and shed roofs, and to a height three-fourths (3/4) the distance from the ground to the apex of A-frame and dome roofs.
5. **UNDEVELOPED AREAS:** Undeveloped areas are shown on Sheet No. 1 of the PRRD Plan. In addition, the PRRD Plan contains a table listing the amount of land in each lot that must remain undeveloped.

6. **ARTERIAL STREET:** The only arterial street involved in this development is U.S. 90. The development has one entrance onto U.S. 90. The local access streets include Thomas Road to the East and Arbor Lane to the South, but there is no access to the development from these streets.
7. **COMMON OUTSIDE STORAGE AREAS:** There will be no provision made for common outside storage areas. Each lot is large enough that the homeowner can provide his or her own storage area.
8. **SCREENING, BUFFERING AND LANDSCAPING:** Screening, buffering and landscape buffered areas shall be in compliance with Chapter 20-A, Columbia County Zoning Regulations, or such regulations in effect at the time each home is built, whichever is less restrictive.

TABLE SHOWING ACREAGE OF EACH LAND USE CATEGORY

See Sheet No. 1 of PRRD Plan.

STATEMENT CONCERNING GROSS DENSITY AND NET RESIDENTIAL AREA

See Sheet No. 1 of PRRD Plan.

STATEMENT CONCERNING PROPOSED FLOOR AREA RATIOS

The maximum floor area shall not exceed 20% and the maximum building coverage shall not exceed 40% of the total developed area of each lot as shown on Sheet No. 1 of the PRRD Plan.

UTILITY SERVICE PLAN

This area is not served by a public water or sewer system. Each lot will receive water from its own private well and each residence will have its own septic tank.

Southern Bell/AT&T and Florida Power and Light Company have been granted easements within the roadway easements to construct their utility lines. Also Florida Power and Light Company has been granted an easement from U.S. 90 across the East end of Parcel B and Lots 17 and 18 as shown on Sheet No. 1 of the PRRD Plan. In addition there is an underground AT&T Fiber optic cable crossing the development as shown on Sheet No. 1 of the PRRD Plan.

STATEMENT INDICATING TYPE OF LEGAL INSTRUMENT TO PROVIDE FOR MANAGEMENT OF COMMON AREAS

The only anticipated common areas will be the entrance area, private roads and any areas required by the Suwannee River Water Management District. The roads in the development are privately owned as easements granted to the association. Title to these areas will be held by a Florida not-for-profit homeowners association, HILLS OF WINDSOR COLUMBIA COUNTY, INC., which will own, manage and control said common elements in accordance with Declarations and Restrictions Articles of Incorporation and Bylaws. Each lot owner will be a member of the homeowners association. The association will govern by majority rule and has the authority to assess for maintenance and improvements of the common elements.

APPROVAL OF STRUCTURES

The Board of Directors and/or Architectural Control Committee has authority to approve all structures.
